

Precision Engineering For Every Need.

The Accessories line offers a comprehensive solution for all your electrical needs.

QUALITY IS A
JOURNEY
AND NOT A
DESTINATION.

Alemac takes pride in being as prolific as its customers with its precision manufacturing that impeccably qualifies standards of the Bureau of Indian Standards. Immaculate performance and on time delivery are our trademarks, our constant inspiration being consumer satisfaction.

Our product profile ranges from conventional to modular in series and variety both. We offer accessories that enable and enhance facilitation of comfort in routine life like, musical bells, power strips, flex boxes, plug tops etc.

We have our range of safety products like MCB's And Distribution Boards ensuring a security oriented life base for work environments and household.

ISO 9001: 2015 certified company

* For BIS Certification Details See Web Site www.bis.org.in

WIRELESS PLUG-IN DOORBELL				
591P	WIRELESS DOOR BELL	2220.00		05

FEATURES

-  KINETIC ONE TECHNOLOGY
-  32 SELECTABLE RING TONES
-  150 METERS OPERATION RANGE
-  IP44 WATER PROOF BELL PUSH
-  SELF POWERED

The bell push is self powered, with no batteries. Mechanical energy created when the button is pushed, is transformed into enough electrical energy to send radio signal to the chime and make it ring.

- Modern and stylish design.
- Easy to install and use.
- Easy mix and match with more receiver or buttons.

Wireless Plug-in Doorbell

Combining modern technology with a minimalist design, the **Artino Wireless Door Bell** is the perfect addition to any home or office. With its wireless capability, it eliminates the need for complicated wiring while offering a clean and sleek appearance.

688	7-9	2410.00	10	16
689	10-12	2900.00	5	12

Specifications

Automatic Opening

It adopts the new function of automatic opening and closing by pressing, which is easy and convenient.

Easy Adjustment

Innovated function of adjustment enables the distribution box to adjust the height freely within a range from installation depth to the outside wall, which can be 20mm deep at the most. The newly added guide rail balance bar can keep the solid plate in a vertical installation.

Easy Wiring

Movable guide rail plate can be put out of the box for wiring, unlimited by the space within the box. The panel can be adjusted to a level position with an ellipse hole in the guide rail plate, which betters its appearance.

Easy Identification

The unique printed display of circuit breaker control makes the wiring structure clear, as well as easy connection, search and maintenance.

Unyielding Protection, Uninterrupted Power.

Design Aspects:

Arc Runner, Arc Shield & Arc diverter combination helps to arc suppression become quick and safe dispersal of arcs from the device. Gives outstanding performance by keeping device cool and comfort to work for longer life

Good conductive contact to meet energy saving phenomenon and gives long life and reduces Temp. rise well within the limits

Robust arc chamber to safe guard utilities form Sh. Ckt.

Tripfree

Flag indication gives visual alert of MCB whether contact is open or closed

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

This image shows a full page of blank, lined paper. It features approximately 20 evenly spaced horizontal grey lines across its entire width, providing a template for handwriting practice or general note-taking. The margins are consistent on all sides.
